

CITY OF ARROYO GRANDE

WATER EFFICIENT WASHING MACHINE REBATE PROGRAM

This program is subject to change without notice and is subject to the availability of funding.

PURPOSE:

The intent of the Water Efficient Washing Machine Rebate Program is to encourage the use of water efficient appliances, with the added benefits of energy efficiencies.

REQUIREMENTS:

PLEASE READ THIS INFORMATION CAREFULLY. In order to receive a City rebate for purchasing a qualifying clothes washing machine, the applicant must completely fill out the application and comply with the requirements on this form. Failure to do so may result in disqualification.

1. The property receiving the washer must be a water customer of the City of Arroyo Grande.
2. The washer must be **CEE (Consortium for Energy Efficiency)** Tier 3 compliant with a Water Factor of 4.0 or less at the date the application is received from the customer (go to www.waterenergysavings.com for more information).
3. The purchase must be made on or after January 1, 2014. The City will not honor rebates for used or reconditioned washers, or washers purchased prior to the above date.
4. The reverse side of this form must be **completely** filled out.
5. Applicant must attach a legible copy of a valid, dated sales receipt to this application. Retailer must be located within the City of Arroyo Grande.
6. **The washer must be installed** in accordance with all relevant building codes **prior to submittal**.
7. Rebates shall be on a **one-time basis** per address or customer.
8. A Community Development Department staff member may inspect the property to verify model and installation.

REBATE:

If all of the requirements listed above are satisfied, a rebate of \$200 will be mailed to the applicant. For current list of qualifying washers, see www.waterenergysavings.com.

For further information, please contact the Community Development Department at 473-5420.

CITY OF ARROYO GRANDE **WATER EFFICIENT WASHING MACHINE** **REBATE PROGRAM**

The City of Arroyo Grande offers rebates on qualifying clothes washing machines.

Program Background:

More than 20% of all water consumed in a home is used in the washing machine. Running a conventional washing machine can use more than 50 gallons of water per cycle. However, there are high-efficiency models that use 50% less water and energy. Most full-sized high-efficiency clothes washers use 18-25 gallons of water per load. **Receive a \$200 refund with the purchase of a new energy and water efficient washing machine. Continue to save money each month on your water and energy bills!**

Here's how to qualify for the washing machine rebate:

- The City of Arroyo Grande must provide water service to your residence.
- The clothes washer must be purchased new at a retail store located within the City of Arroyo Grande. Two stores currently sell water and energy efficient washing machines:
 - Ruffoni's Home Appliance Center
 - Location: 1018 E. Grand Ave.
 - Phone: 481-5000
 - Kmart
 - Location: 1570 W. Branch St.
 - Phone: 481-8484
- Rebates are based on a tiered list of qualifying models and are set at the following amounts:
 - Tier 3: \$200

A copy of this rating system can be seen at the following website:

www.waterenergysavings.com

(If you do not have access to the internet, contact the City of Arroyo Grande Community Development Department at 473-5420 for a copy of the rating system. Note that PG&E also offers rebates for even greater \$ savings).

- You must submit a rebate application and verification of purchase, model and residency in order to receive a City rebate.

The number of rebates is limited. Only one rebate will be issued per household. For questions about this rebate program, please contact the Community Development Department at 473-5420.
